

Whom so ever It May Concern

This is to confirm herewith that We are using Lloyds LRX PLUS POGO machine from Jan2001 .We have been using this machine extensively since its installation and the results are found to be consistent and useful for our QC and R&D related activities.

The Maintenance and Calibration services provided by M/s Hemetek and Hemshell are prompt, efficient and meeting our expectations.

Thanking You,
For Converter Adhesives and Chemicals Pvt. Ltd.,
